29 Crimes, Thefts Occur in Area

Twenty-nine cases of burglary and theft were reported to Quad-City and Madison County authorities during the week ending Nov. 14. The crimes ranged from shotgun shells to a canoe, and victims included two schools and a church.

Burglars took items valued at \$546 at the Bethesda Baptist Church, 3033 Nameoki Drive, it was reported at 4:30 p.m. Friday. Entry was gained by removing a window air conditioner. All rooms except the pastor's office were ransacked.

Items missing included the air conditioner valued at \$75; an amplifier, \$100; two 25-foot cords, \$50; 15 pairs of window drapes, \$75; two ceiling light globes, \$6; an electric clock, \$10; two containers of toys, \$100; two drawers of linen, \$100; toolbox equipment, \$15; and canned goods, \$15.

A tool box and tools valued at \$200 and an electric saw worth \$50 were taken from a laundry at 2247 Madison Ave. It was reported at 1:45 p.m. Thursday by Clyde Mertz, 3123 Harvard Place, owner of the tools.

Items valued at more than \$340 were taken in a burglary at Grigby Junior High School Thursday.

Entry to the school was gained by breaking a window in the teachers' lounge. Taken

were \$21 from two vending machines, 69 school padlocks valued at \$110, four stopwatches worth \$20, a boy's wristwatch valued at \$60, a basketball worth \$20 and a tape measure valued at \$10. Several of the items were taken from the physical education teachers' room which was locked. There was no sign of forced entry into the room.

Canoe Stolen

Robert LaVelle, 2831 Myrtle Ave., reported at 12:30 p.m. Saturday the theft of a 15-foot-long canoe from his home. He said the canoe, valued at \$270 had been chained and locked, with the thieves breaking the chain to remove the craft.

A case of shotgun shells valued at \$32 were taken from the garage of Robert Brasfield, 1701 Third St., Madison, according to a report to police at 3:30 p.m. Thursday.

Mrs. Bill Morgan, a barmaid at the Pub Tavern, 1308 Nineteenth St., reported that \$300 was stolen from her purse which she had placed on the bar after opening for business at 10 a.m. Friday. A patron was suspected.

Veronica Kelly, 2415 Washington Ave., reported at 10:40 p.m. Sunday that someone entered her unlocked home and stole \$170 from the top of her dresser.

A blender valued at \$45 was stolen from the home of Donna Haynes, 2676 Cent St., she reported at 11 p.m. Sunday. Entry was gained through the rear door.

Audrey Marler, 1923a Grand Ave., reported at 4:40 p.m. Sunday that a brown lady's coat and a man's wallet were stolen from her apartment and that a battery was taken from her auto in the driveway between 4 and 5:30 p.m.

urday that her white 1962 auto was stolen while it was parked at her home during the night.

Burglars, apparently following in their attempts to take a color television set from the home of Frank Kosik, 1028 Greenwood Ave., Madison, fled the home with \$30 in old coins. When the Kosik family returned home at 6:30 p.m. Sunday they found the television wrapped in a rug, and a bedroom, ransacked. Police said the family apparently frightened the burglars away before they could take the television set. Entry was gained by breaking a window in a rear door.

United Fund Drive Reaches 92.7% of Goal

The United Fund drive to raise \$407,000 for operation of 19 Quad-City health-welfare service agencies in 1971 has reached 92.7%, or \$377,421, with obligation of \$900 in additional pledges reported Friday at a special meeting of UP workers.

Thomas L. Griffin, campaign chairman, said the fund-raising drive may have slowed down during the recent national election period but he said the Madison County Veterans' Day holiday momentum and enthusiasm is high, he commented Friday.

United Fund volunteers had to wrap up the last of outstanding card calls.

A card check made by the UP office staff during the past weekend, showed some 141 pledge cards yet to be turned in and tabulated. Only \$23,787 is needed to achieve the goal, the drive official stressed.

Griffin urged all workers to complete their assignments as quickly as possible. He further requested individuals, business firms or industrial concerns whose cards may not have been collected, to call 877-6780.

Henry D. Kufandorf, United Fund board president, speaking briefly at Friday's meeting complimented the workers for their progress and encouraged them to continue their efforts until the goal is attained.

Special Illinois Assembly Session

The special Illinois General Assembly session opening this afternoon at Springfield will be the last of Governor Richard Ogilvie's 1968-72 term in which his party, the Republicans, will have numerical control of both the House and Senate.

Instead of the clear-cut GOP margins of 65-32 and 38-19 in the two sides of the legislature at present, the regular session beginning in January will see a 29-29 Senate tie and a 90-97 Republican House edge. Democrats are expected to organize

the Senate in January, with Lt. Gov. Paul Simon (D) voting to break the tie.

Newly returned from an official visit to Europe, Gov. Ogilvie may urge that the Assembly call for a national constitutional convention devoted to sharing of federal tax revenue with states.

Other potential topics are consideration of 1970 legislative votes and an increase in the \$12,000 annual salary of legislators.

Caucuses also are to be held on the Assembly governing structure for the 1971-72 biennium, with additional caucuses likely in late November and December, the latter without the many "lame duck" senators and representatives who are present this week.

At this stage, Majority Leader Russell Arrington (R, Evanson) remains the most influential Illinois senator.

In the House, Speaker Jack Walker (R, Lansing) will remain in that post for the current special session but has been elected to the Illinois Senate for the 1971-72 period.

There is some speculation that Rep. Clyde Chaste (D, Anna), a protégé of the late Secretary of State Paul Powell, may be elected as House secretary to the post of speaker. Secretary Powell, a Democrat, once was elected as House speaker despite the fact that Republicans had an 89-88 majority at the time.

County Budget Hiked \$432,595

By MARION BARTOSIAK Press-Record Staff Writer

A tentative Madison County budget totaling \$7,343,969, an increase of \$432,595 over that of last year, was proposed Friday morning by the Finance Committee of the Madison County Board of Supervisors at a press

conference at the Courthouse in Edwardsville.

Estimated tax levies total \$2,295,903, a reduction of \$168,203 from last year.

Because of large fund balances the Finance Committee, headed by Nelson Hagstrader, Granite City Township super-

visor, proposes to cut the general county fund tax rate by 3/4 cent and the tuberculosis clinic fund by another 3/4 cent, which would reduce the rate from 35.5 cents to 34 cents per \$100 assessed valuation.

A further tax cut was considered by the committee, but it was deemed advisable to maintain substantial fund balances for future finances, it was explained.

AUTUMN IN ILLINOIS. One of the most attractive areas when leaves turn to brown, red and gold during the fall is the Morton Arboretum at Lisle, Ill., pictured here. The huge arboretum was established in 1922 by the son of the originator of Arbor Day.

Arboretum One of Illinois' Leading Visual Attractions

Julius Sterling Morton was the originator of Arbor Day back in 1872. His son, Joy Morton, "brought a forest to the city" when Morton Arboretum was established in 1922. And what a beautiful forest it is—a collection of over 4,800 species, varieties, and hybrids of woody plants that can survive the climate of northern Illinois. Spacious grounds, almost 1,500 acres, offer sparkling lakes and swampy marshes. The Arboretum is beautiful all four seasons of the year. Those who visit it regularly and explore on foot or by car the miles and miles of nature trails and Arboretum roads never fail to exclaim about its unusual beauty each autumn when the trees are ablaze with color. Mother Nature puts on a more spectacular fall show some years, with leaves changing color earlier and lasting longer. But usually a trip to Morton Arboretum in mid-October or November presents a sight so beautiful that it will not be forgotten. The large Ginkgo tree to be found near the Arboretum Center Library is naturally a famous landmark and the Center gift shop and gracious tea room have been named in its honor. The Arboretum is open year-

round from 8 a.m. to sunset. The tea room season is from mid-April through mid-November with the gift shop open through Dec. 23.

If you want more color and autumn specialties, tour by auto to scenic western Illinois. The roadside stands are a showcase of yield from the orchards and field, apples, peaches, pears, pumpkins, gourds and apple cider. Autumn sunsets with brilliant hues lure visitors to explore the land that is rich in history and scenic beauty.

Pere Marquette State Park is a good example. The park, a few miles west of Gratiot, is named for Father Jacques Marquette, the French explorer and missionary who, with Louis Joliet, became the first white men to enter Illinois.

The Marquette Monument, a large stone cross, commemorates the event. The lodge building is on the site of an old pioneer village. In addition, there are 18 sites indicating occupation by prehistoric Americans.

Pere Marquette is Illinois' largest state park and contains 72 campgrounds, picnic areas, nature trails led by skilled rangers, a dock for excursion and rental boats, stables and 14 miles of bridle paths as well as an attractive lodge and guest cabins.

Fishing is excellent in the entire area. Carle Lake. As if western Illinois did not have enough in the way of Natural waterways, the state has developed some outstanding man-made lakes. The biggest of these is the Carle Lake and reservoir which boasts 10 public access areas.

The lake, which is about 50 miles east of the Quad Cities, has more than 80 miles of shoreline. It is 15 miles long and three and a half miles wide.

This is an excellent boating lake and countless vacation visitors trailer their own boats here. There are many launching ramps and special areas for parking trailers.

Water skiing, fishing and golfing are popular, and there are ample campsites for those who like to rough it.

There is also a stable and bridle trails for those who like to ride and a lodge and cabin area.

Southern Pacific To Buy Half of Alton & Southern

An application by the Chicago & North Western Railroad for Interstate Commerce Commission approval of a plan by C&N to sell its half of the Alton & Southern Railroad will be filed soon, it was announced by Larry S. Provo, president of North Western.

The Southern Pacific Railroad has agreed to buy the holding for \$8 million cash from the C&N, the price paid for it in 1968 when it was purchased from Aluminum Co. of America (Alcoa). If the sale is approved by the ICC, the holding will become the property of the St. Louis - Southwestern Railway (Cotton Belt), a subsidiary of Southern Pacific. The remaining half is the property of the Missouri Pacific Railroad.

The North Western disclosed last April that its half of the 137-mile switching and terminal railroad was for sale and offered it to several railroads. Only the Cotton Belt and the Missouri Pacific expressed interest, and MoPac indicated it would consider buying the other half only if no other railroad wanted it.

Obtained One Line Provo said that the North Western decided to sell its portion of the railroad only after they obtained a line into the Kansas City gateway, alleviating many of the problems of exchanging traffic at St. Louis. He also said that as a North Western carrier, the Alton & Southern is much less important to North Western than the major East-West railroads serving St. Louis.

Northwest Industries, Inc., owners of the C&N agreed to sell the North Western to its employees for \$420 million.

In 1968 the Southern Pacific agreed to purchase the entire Alton & Southern Railway from Alcoa, but MoPac and other railroads said that if the ICC approved the sale the Southern Pacific would have an unfair competitive advantage in the St. Louis area. Rather than own a share of the railroad, Southern Pacific withdrew from the purchase and the ICC opened ownership to all interested railroads. The North Western and Missouri Pacific have held joint ownership since that time.

Specific mailing instructions furnished by the local postal officials are contained in the following item.

Today's Yule Mail Call list includes the address of a Granite City sailor scheduled to have departed 10 days ago on board the USS Kitty Hawk for Vietnam but who may have to spend his Yuletide holidays in a leg cast at a Naval Air Station in San Diego, Calif.

Michael J. Gaudette, son of Mr. and Mrs. Raymond Gaudette, 1214 E. Parkway Road, was due to ship out Nov. 6 on the giant aircraft carrier when a former injury to his knee resulted in the leg being placed in a cast.

The serviceman who will observe his 23rd birthday next month may have to remain at the Naval Air Station through Christmas while Navy physicians determine whether local youth must undergo knee surgery to correct the ailment, according to Mrs. Gaudette.

EM Gaudette, a graduate of Granite City high school, volunteered for duty with the U. S. Navy 3½ years ago. Friends may write him at the address listed in the accompanying Yule Mail Call list.

Mailing Tips
The three local postmasters today offered six tips on how residents of the Quad-Cities should prepare their Christmas budgets this year by careful mailing of cards and parcels.

For the most efficient mailing, they suggested the following steps:

For servicemen overseas — "SAM" (Space Available Mail) Christmas parcels can be sent until Friday, Nov. 20, for only the small domestic parcel post charge involved from Granite City, Madison or Venice to East or West Coast points of embarkation for military mail (San Francisco, Calif. or New York, N. Y.).

Parcels up to five pounds and 60 inches in combined length and girth are accepted at this low rate, the postal authorities stated.

Larger parcels (up to 30 pounds with the same length and girth limitations) can be sent as "PAL" (Parcel Airlift) mail, provided they are mailed by Friday, Nov. 27.

The charge for larger packages is only \$1 per parcel, plus the regular domestic parcel post postage — much less than charges that would apply later if straight airmail service must be provided.

Packaging Suggestions
The postmasters' informative suggestions also included the following recommendations to patrons:

For all packaging, invest in good quality sturdy wrapping materials. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.

Insure parcels realistically to cover full value but do not over-insure. A \$10 gift, for example, can bring only \$10 compensation, if lost, even if "insured" for \$100.

Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional visits.

Use Zip Code as a tool for economy in mailing. When it is used consistently on parcels and cards, the Zip Code helps prevent errors in delivery and expedites handling. If only a few Christmas cards stray, an investment of several dollars may be lost, for example.

The Army Post Office (APO) and Fleet Post Office (FPO) numbers are equivalent Zip Code designations for Armed Forces personnel and determine the actual point of mail delivery when overseas.

"The key to efficient Christmas mailing," the local postmasters stated, "is to mail early and carefully. Clear addresses, with the Zip Codes, proper packaging and easy-to-read handwriting are important to prevent mistakes and provide the greatest value for money spent for postage."

Today's Yule Mail Call is the

eighty list of names and addresses of Quad-City servicemen and women to be published in the Press-Record since its project began Oct. 22. The public service is being sponsored by the newspaper for the fifth consecutive year.

Local residents are invited to submit the names and addresses of their military friends, stationed at home or overseas to the Press-Record for inclusion in future issues.

It is suggested that readers clip-out and retain the lists as they appear, adding the senders' names, addresses and coast guardmen to the individual Yuletide mailing lists.

Those contributing addresses of Armed Forces members are asked to send in the information by letter or by mail card, explaining the written details to the Press-Record office, 1815 D. J. Mar Ave.

To insure proper delivery, it is important to accurately list the servicemen's name, rank, service number and address, including APO and FPO when appropriate. The area of service will be included in parentheses following the address, if known, by the sender.

Starfinders Theatre Plans Next Production

A group of more than 50 children and their parents attended a membership meeting of the Starfinders Childrens Theatre group Thursday evening at Frohardt school, with 20 new members being accepted as active participants of the organization.

During the meeting the children agreed to presenting Little Women as their next endeavor which will have 10 girls and two boys in the cast of characters.

Park District Opens Youth Bowling Leaps

Youngsters residing in the Granite City park district still may register for the 11th annual fall and winter bowling programs to be sponsored by the district through March at Brunswick Tri Mor Bowl. As in programs conducted in previous years, both boys and girls from the fifth through 12th grades, who reside within the Granite City park district boundaries, are eligible of participation.

The youthful bowlers may register as a team with their own friends or on an individual basis. Harold Brown, park superintendent, said all those enrolling will be placed on a team.

Participants are divided into three leagues according to age groups, with fifth and sixth grade pupils forming a beginner league and Junior and Senior high school competing in separate divisions.

The bowling series is now underway but openings are available at all age levels, Brown advised.

The girls' program is being conducted each Saturday from 9 to 10:45 a.m., with the boys' leagues then taking over the same day from 10:45 a.m. to 12:30 p.m.

A 45-cent per game bowling fee is charged, with shoes available without rental cost to the youth bowlers, the park official said.

Each year, the park district bowling program concludes in late March or early April with a mother-daughter and father-son bowling tournament and banquet.

Unified Plan of Transportation System Needed

The American transportation system in some segments is so out of balance today that a person's work often starts when he leaves home, and when he arrives on the job, Joseph Meck, a senior staff economist for the U.S. Department of Transportation said Thursday at Southern Illinois University - Southern.

The DOT official called for unified planning efforts by all levels of government to solve the country's transportation problems.

"Up to now we have had separate planning efforts," Meck said. "A multi-modal framework is needed to provide a consistent, inter-modal planning process for decision-makers who must view all modes of transportation." DOT's role, he said, is to analyze, develop and coordinate ideas from all interested sources.

"Its purpose is to develop a more complete picture of the nation-wide system and to improve quality of planning," Meck explained. "Most of the problems at the local level," Meck said, "aren't technological. It's the political ones that are the biggest headache in transportation planning."

In the keynote address open-

ing a two-day conference on transportation planning, Meck said his office is committed to relieve congestion, increase efficiency of inter-city transportation, reduce air and noise pollution and reduce deaths and injuries.

"To do these things while en-

hancing the livability of the environment for an ever-increasing population and expanding gross national product, will be the test of an effective transportation plan," Meck said.

"Our horizon is 1990. While we are primarily concerned with long-range planning, we

are also concerned about the today and the tomorrow, otherwise we may be dead in the long-run. I am self-strangulation," Meck said.

Meck stressed the importance of cooperation of governments at all levels, carriers, labor and other interested parties in achieving the national transportation objective.

Transportation modes often

interact. Meck pointed out, "They may compete or they may complement. Modes are treated differently by federal, state and local governments regarding user charges, property taxation and depth of planning. This probably accounts for the imbalance and creates inequities which reduce effectiveness of some modes of transportation."

BIG SAVINGS EVERY DAY AT CARP'S

No. 2 Warriors Try Hard, Blast Belleville West After 11 Years

By TERRY ROTH
GCHS Football Writer

Granite City finally broke a jinx that had plagued it since 1959. The Warriors beat the Belleville West Maroons 26-0 as they ended their season here Friday night.

An 8-1 record is not bad. The last time they had a record like this was in 1937 which is a long time ago.

The Warriors showed their finest strength all year; 347 yards total rushing, 12 first downs and four touchdowns sparked the team to victory.

Don Harris showed what a great quarterback he is, as he himself did a lot of the running — 100 yards worth. Dennis Kunneman was close behind with 90 yards.

The first time Granite City got the ball it scored, starting from its own 48.

Runs by Kunneman brought the ball to the Maroon six-yard line. From there, Harris ran it over for the six points. Joe Wallace put it through the uprights for the extra point, making it 7-0.

Belleville West quickly used up its series of downs and was forced to punt to the Warriors on their own 46.

From there GCHS started rolling again. Runs by Mike Wilson, Kunneman and Stan Stajduhar brought the ball to the Maroon 20, and there Harris executed a beautiful run to the ten-yard line.

When it got kind of crowded, he lateraled back to Stajduhar, who went in for the TD. Wallace's extra point kick was good, making it 14-0 at the end of the first quarter.

The last attempted first-half score was a field goal attempt by Wallace. The kick fell short due to a five-yard penalty.

Belleville kicked off to the Warriors in the third quarter and a drive started from the GCHS 40.

Runs by Harris and Wilson

Press-Record Sports

brought the ball to the Maroon one-foot line, from where Wilson barreled over for the score. The conversion attempt by Wallace failed, leaving the score 20-0.

The last TD came late in the fourth quarter when GCHS took over the football on its own 41. Adept running by Quarterback Harris brought the ball to the Maroons 10. Again Wilson got the call and went over for the final score. The extra point kick by "Joe the toe" was blocked and the score remained 26-0.

Belleville really never got going and was thoroughly beaten. Granite really, with an 8-1 record, gained second place in the Southwestern Conference and a lot of respect.

When looking for the reason for the fine season, Jerry Petrillo, offensive guard, commented, "It was Coach Wayne Williams. We wouldn't be anything without him."

"Speaking for the other guys, he is a great coach, and doesn't sugar-coat everything. He tells it like it is and that's what makes him great."

A great deal of gratitude also is due Coach Wojcik, Wyrosielski and Miller.

They must be proud of the team and surely the team is proud of them.

When a school gets a team and coaches that respect each other, it has a winner.

Speed Skating Championships Set at Wilson Park Ice Rink

The second annual Open Granite City-Gateway Speed Skating Championships will be held at the Wilson Park skating rink on Saturday and Sunday.

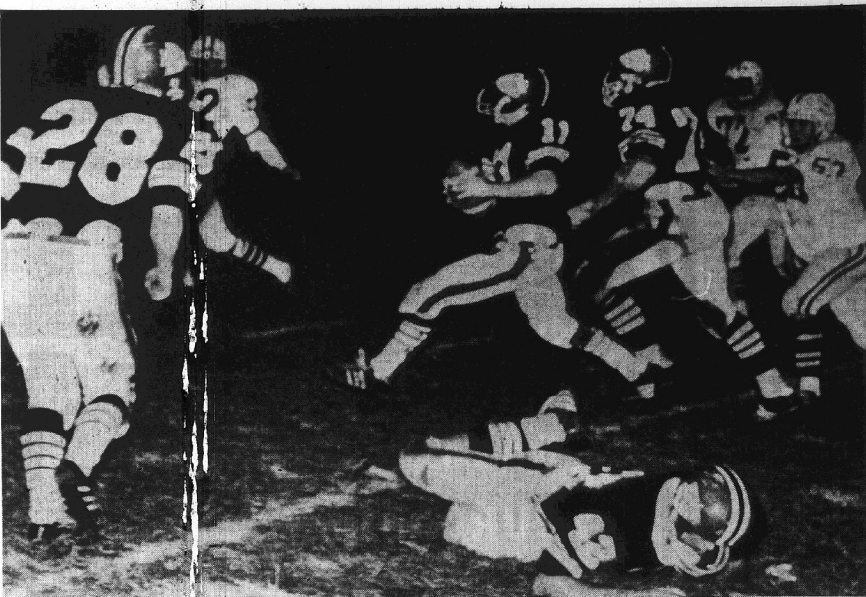

The meet, sponsored jointly by the Granite City Park District and the Gateway Speed Skating Club, has attracted many skaters of national fame. Entries are pouring in from as far away as California along with the many nationally recognized skaters from Missouri and Illinois.

Senior Men's defending champion, Court Murphy, will place his title on the line as will David Pogorzelski in the mid-level class.

A total of 130 races will be run during the two day meet, including four classes of Granite City novice skaters who participate in the "Learn to Speed Skate" classes under the

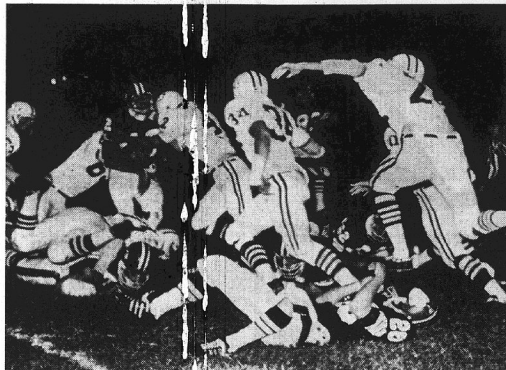

Cage Officials to Meet

A meeting for basketball officials from Illinois and Missouri on basketball mechanics will be held at 7:30 p.m. Wednesday in the Granite City High School gymnasium. The meeting is sponsored by the Southwestern Officials' Society and fills the requirements of the two states for qualification of basketball officials.

A LITTLE HELP FROM HIS FRIENDS aids GCHS Quarterback Don Harris (11), during the Warriors' successful offensive and defensive display here Friday night. Other Warriors include

Stan Stajduhar (28), Dennis Kunneman (42) and Mark Mizerski (74). Belleville West Maroons in pursuit are Jim Koenig (72) and Jim Reichert (55).

SEA OF TACKLERS swarms to confront Dennis Kunneman (42), 163-pound Granite City High School fullback, in this view of Friday's game, won by GCHS 26-0 over Belleville West. Fullback Stan Stajduhar (28), on the ground, appears to be narrowly escaping a few flying feet. In the background are Warriors Bob Wiggins (53) and John Tarpo (62). Several Maroons have been blocked but one has reached Kunneman from the rear and Mike Wright (42) and Lance Schaefer (34) are prepared to pull him down.

Tidal Wave Swimmers at 'Y' Smash 25 Pool Marks Sunday

Twenty individual and five relay team pool records were smashed Sunday by youthful swimmers of the Tri-Cities YMCA Tidal Wave swim team. Despite the record-breaking performance, the local squad was defeated in a dual meet by a strong East St. Louis team—360 to 269.

Individual local competitors who lopped off seconds from records, several of which were established at the YMCA four seasons ago, included new record-holders for dual events: Paddy Jim Baggot, who broke the 100-yard butterfly and 200-yard freestyle records in the junior boys division (13-14 years); Kathy Lancaster, 200-yard freestyle and 100-yard breaststroke, intermediate girls (15-18); Mark, Buenger, 100-yard butterfly and 40-yard backstroke, prep boys (11-12); Debbie Griffin, 40-yard breaststroke, prep girls (11-12); and 100-yard breaststroke, junior girls (13-14); and Gayle Schenke, 100-yard butterfly and 100-yard individual medley, junior girls (13-14).

Others breaking pool marks yesterday were: Scott Polson, 20-yard freestyle, and Scott Buenger, 20-yard breaststroke, cadet boys; Ken Jolly, 80-yard individual medley and Frank Dutko, 40-yard backstroke, mid-level boys (9-10); Jan Becherer, 40-yard butterfly and Shannon Stocker, 40-yard backstroke, mid-level girls (9-10); Linda McClannahan, 40-yard freestyle, intermediate girls; Mike Adams, 100-yard breaststroke, intermediate boys; and Mary Beatty, 100-yard freestyle, prep girls division.

'Feast or Famine' Trojans Bow 80-14 to Eagles in Grid Finale

By ROBERT MANGOFF
MHS Football Writer

The Madison High School Trojans ended their 1970 football season Friday night with a 2-7 record as they were soundly defeated by the Civic Memorial High Eagles 80-14 at Bethalto.

The Trojan loss coupled with the Eagles win dropped Madison into fourth place in the Midwestern Conference. Immediately after the game started, Bethalto unleashed a strong attack, pulling ahead 29-0 at the end of the first quarter, 50-0 at the half and 58-0 after three quarters. In the fourth quarter, three touchdowns and two conversions by the Eagles and a Madison TD concluded the point making.

The strong offense displayed by the Eagles was highlighted by the passing of Quarterbacks Dennis Jones and Keith Hatery, the running of Halfbacks Rick Imel and Bill Robinson and the receiving of Halfback Luther Brunette.

Both of Madison's touchdowns were scored by Austin Lewis, 6-1, 190-pound quarterback, who made his TD's on a 74-yard run and a fumble and a one-yard plunge.

The other Trojan points also were tallied by Lewis on a conversion run following his runback was released on cash bail of \$750.

Chandler, Welborn Active
The MHS offense was almost perfectly balanced, gaining 383 total yards. The Trojan attack was

sparked primarily by the running and passing of Lewis and the receiving of Ed Chandler, 5-11, 185 junior halfback, and Wayne Welborn, 5-11, 190 senior end. However, mistakes by the Trojan team halted many drives which might have led to touchdowns.

Both teams moved the ball well in the opening minutes. Taking the kickoff at his 30, Trojan Courtney Prothro, 250-pound senior tackle, carried to the Madison 45.

Early Trojan Threat
On the next play Lewis burst through the middle and ran 45 yards to the 10. After three runs had, moved the ball

to the three, Dwayne Shaw, 6-11, 200-pound senior halfback, ran over for an apparent touchdown.

A fieldside penalty against Madison nullified the TD and placed the ball on the seven. Following a pass completion, the Trojans lost the ball on downs.

Starting on their seven, the Eagles quickly moved to the Trojan 37 entirely on runs. After a six-yard loss had placed the ball on the 43, Jones passed to Imel, who caught the ball on the 33 and ran it into the end zone for the touchdown. The conversion pass from Jones to Dale Bottoms was complete, making the score 49-0, and the scoring spree was under way.

The touchdown merry-go-round included a seven-yard run by Jones, a two-yard run by Imel, a 33-yard pass play from Jones to Phil Phillips, a one-yard plunge by Imel, a 25-yard aerial from Jones to Imel, a 50-yard punt run back by Bottoms and a 47-yard pass play from Hatery to Eaves which made it 58-0.

MHS Breaking Scoring Ice
Madison got the ball on downs on its 25. Brunette intercepted a pass on the Trojan 45 and ran it to the 34.

The Eagles since advanced to the 21 despite a penalty before a fumble was recovered by Lewis on the 15. Hatery drove into the end zone for a 74-yard touchdown jaunt. The conversion run by Lewis cut the lead to 58-7, ending the third quarter scoring.

In the fourth quarter, Madison, starting from its nine, quickly threatened when Lewis passed to Welborn. He caught the ball on the 20 and ran to the Eagle 45. Lewis passed to Chandler, who ran four yards from the line. Although a penalty brought the ball to the 31, a pass from Lewis to Chandler made up ten yards and the ball was placed on the 21.

Three running plays set up the one-yard plunge by Lewis, cutting the lead to 58-14.

Interception Halts Drive
On Madison's next series a Lewis-to-Welborn pass brought the ball from the Bethalto 48 to the 37. On the next play, Brad Rogers intercepted a pass on the 39 and ran 67 yards for a TD and a 84-14 score.

MRS. after receiving the kickoff, advanced to the 41. But, a fumble recovery by Glenn Vetter on the 40 halted the drive.

Hattery-to-Trimm pass set up a touchdown pass from Hattery to Brunette, who caught the ball on the 20 and ran it in.

There were no more threats until late in the fourth quarter, when Madison moved to the Bethalto 20. But another fumble recovery by Vetter halted this drive on the 28.

With seconds remaining, Hattery threw a long bomb to Brunette, who caught it on the 35 and ran it into the end zone as the game ended. The conversion, run by Robinson completed the scoring.

It is universally recognized that water service in the United States is the best and most dependable in the world.

A reputation like that has to be earned.

To be sure, there's always room for improvement. And the history of water service in this country is proof that our industry has adopted that philosophy as a way of life. The service standards of today are far superior to what they were in yesterday. They'll be still better tomorrow.

Do we have problems? Of course. Who doesn't?

You even read, occasionally, of water systems, usually small and financially weak, that are lacking in some aspect of quality or reliability. It can happen.

But let's talk about *your* water service. Right here. Where you live.

The standards of service provided by your water system equal or exceed those established by the U. S. Public Health Service. As it flows from the faucet, your water is free of all harmful bacteria. It is as tasty as we can make it. It is as clear and as sparkling as we can make it. And it is as free from distasteful odors as we can make it, considering the growing problems created by pollution of water sources.

Water-borne diseases have virtually been eliminated in this country—and the biggest reason for it is the high quality standards adhered to by all approved water supply systems, including this one. Right here. Where we live.

We're proud to be in such distinguished company.

"Our store inventory is way up because of the Christmas season. I'm concerned about fire and theft losses, possible business interruption from fire, and fidelity bonding of extra help. Would your agency completely survey my present insurance to see whether my coverage is adequate?"

Reiske Denies Rumor Of Quitting 708 Board

Edwin F. Reiske, president of the Tri-City Trades & Labor Council, has denied a rumor that he has resigned as a member of the Madison County 708 Mental Health Board.

The supposed resignation was reported by Marshall Smith, assistant state's attorney and legal advisor of the 708 Board, after a budget meeting of the Finance Committee of the Madison County Board of Supervisors.

The issue was related to a cut in the budget of the Quad-City Mental Health Center from \$102,770 last year to \$70,000 for the 1971 year. The 708 Board originally proposed a \$80,000 budget for the center.

Reiske said he was assigned to the 708 Board by the labor council as a labor representative and will remain on the board at the will of the council.

McClaskey, and the late Mrs. McClaskey, also of Collinsville, took place Saturday at First United Methodist Church in Collinsville.

The Rev. Billy G. Hahn officiated at the 7 o'clock ceremony. Pink and white altar bouquets, lighted tapers in candleabra with white flowers, and ribbon bows on the pews provided the setting for the service.

Mr. and Mrs. Wayne Bradshaw, vocalists, accompanied at the organ by Mrs. Rhoda Gibson, sang "One Hand, One Heart," "Whither Thou Goest," "Wedding Prayer," and the Lord's Prayer.

The bride wore a gown of candlelight peach satin with a yoke of imported silk Venice lace, a high neck of lace and long sleeves cuffed with lace. The A-line skirt was bordered with lace, as was the full sweep cathedral train. A fitted headpiece of lace accented with crystals and pearls held in place the bride's shoulder-length veil of silk illusion and she carried a bouquet of white roses and baby breath.

Miss Susan Lewis was maid of honor, and Miss Linda Vaughn, Mrs. Joyce Edwards, and Mrs. Tom Gerstenacker were bridesmaids. They were dressed alike in ruby red velvet. The gowns were made with molded bodices trimmed with matching lace, long sleeves with lace trim, and satin ribbon bows and streamers in the back. The honor attendant held a round bouquet of pink baby's breath and white roses.

Lauren Jarrard, a cousin of the bride, and Jeffrey Nelson, the bridegroom's nephew, served as flower girl and ring bearer. The former, carrying a basket of pink and white flowers tied with satin bows, was attired in a long dress of candlelight satin with trimming of crocheted lace, the back accented with pink bows and streamers. Miss Lesa Jarrard and Miss Jeanne Kunkin, cousins of the bride, lighted the candles.

For her daughter's wedding Mrs. Charlton chose a pink silk worsted full length coat and dress ensemble with pearl and crystal trim, while the

The Rev. David Richardson officiated at the 6 o'clock ceremony which was followed by a reception in the church parlors.

A gown of scalloped Chantilly nylon was worn by the bride. It was styled with a belted Empire bodice and the skirt, with redingote effect, swept into a chapel train. A veil of illusion was held in place with a headpiece of chiffon, rose buds encircled with pearls and the bride held a cascade bouquet of white carnations, stephanotis, and lilies of the valley.

U.S. Accounting Office Upholds Depot Shutdown

Results of a study conducted by the United States Comptroller General's office reviewing Army housing facilities at the Granite City Army Depot next year support the Army's decision. The report has been sent to Cong. Melvin Price (D-East St. Louis) who has been seeking to keep the facility in operation.

As part of the military cost-reduction program in the 1970-71 budget, the Army decided to close the Granite City Depot on June 30, 1971 and list facilities, encroachment, labor costs, proximity to ports and productivity of the depot as the main factors for the decision, the study points out. The Depot here was one of four depots studied by the Army for possible closure.

The reported cited the original study conducted by the Army in November and December of 1968 and said, "... We found no items which we would take fundamental exception to... we believe that substantial savings can result from inactivation of the depot."

The review disagreed with the Army's conclusion that the Granite City depot could not be expanded due to total encroachment, but found that labor costs, distance to ports and productivity supported the decision to close the depot, rather than one of the other three facilities studied.

It was estimated that an annual savings of \$10.1 million dollars would be realized by closing the Granite City Depot, but the cost of moving stocks and relocating personnel would be \$10.9 million.

Summertime Awards
"Summertime Pack Awards"

were presented to Pack 17, sponsored by Marshall school; Pack 41, Mitchell PTA; Pack 98, Stallings PTA; and Pack 167, sponsored by Venice Lodge.

Bill Irelan, assistant district scout executive who made the presentation, explained that to qualify for the "Summertime Pack Award," a Cub Scout group must hold three meetings during the usual summer season, with a minimum of half the pack's membership in attendance.

Mick Strange, institutional representative for Explorer Post 104, discussed the Unihav District dinner, which was held Thursday evening in the cafeteria of St. Elizabeth parochial school.

For a short period during the meeting, women Roundtable members created novelty can-

die decorations, while the men discussed a series of December scouting projects, including Den Chief training, work toward a Geologist Activity badge and godwill projects.

A "Pow Wow" session, held Saturday at Webster Junior high school in Collinsville, is a requirement for persons working toward a training award, Floyd Jordan announced. The district officer asked pack representatives planning to attend the "Pow Wow" to provide games for a "midway" segment.

Christmas decorations and handmade gift items were displayed by Mrs. Nadene Taylor, den leader coach of Pack 98, Mrs. Pat Foote, Pack 167 den mother and Mrs. Dot Cathey.

Those taking part in the Roundtable also contributed handmade decorations for a Christmas tree and played an ice-breaker game at the start of the evening.

SOCIETY

Xi Epsilon Chi Studies Baking

Mrs. Leland Brackett entertained sister members of Xi Epsilon Chi chapter of Beta Sigma Phi last week in the downtown offices of Illinois Power Co. Mrs. Delores Dortch, chapter president, conducted a meeting and reports were made by committee chairmen.

The members and guests assembled in the model kitchen area and were seated at bridge tables for four. Tablecloths in muted autumnal colors were used, and each table featured a low arrangement of miniature 'mums.

Mrs. Jo Leslie Meyer, home economist, presented the program on consumer education.

Among the factors discussed were actions being taken by manufacturers to improve the safe use of home electrical appliances, the need for proper advance planning of kitchen layouts, effective space utilization of appliance interiors, methods to be followed in wrapping foodstuffs placed in freezers and the ever-increasing use of containers for this purpose, and the better results achieved by following operator instructions when initiating and using a new-purchased appliance.

Highlights included Mrs. Meyer's description of improved models of dishwashers and her demonstration of the new microwave oven. The baking of an eight-ounce potato in four minutes produced many questions, and the finished product was inspected.

Another feature of food cooked in an electronic oven is the longer retention of heat, and an advantage noted was the ease of maintaining such a baking chamber in a clean condition. All present cooked for themselves a portion of the refreshments.

Others enjoying the evening were Mesdames Paul E. Ashford, Harvey Ebling, Ralph Haldeman, Carl Byrnes, William Forrest, William Laine, Jack Toliver and Edward Kowalski and Misses Ruth Stoyanoff, Bernice Crimmins and Denise Dorich.

Mrs. Ashford invited the group to meet at her home in Madison for the Thanksgiving get-together.

MRS. WILLIAM H. FREEMAN. Her wedding was an event of Saturday at St. Joseph Catholic Church. She is the former Marsha Casey.

Marsha Jean Casey is Bride of W. H. Freeman

In an afternoon ceremony at 2 o'clock Saturday at St. Joseph Catholic Church, Miss Marsha Jean Casey, a daughter of Mr. and Mrs. E. Gene Casey, 3111 Wayne Ave., became the bride of William Hanson Freeman, Manchester, Mo., a son of Mr. and Mrs. Hanson Freeman.

The Rev. Martin Mangin officiated before the altar simply decorated with seasonal white flowers and white bows marked the family pews.

The bride was given in marriage by her father. She wore a gown of white silk organza and Alencon lace with a Camelot influence. The high neckline tapered into a bib of lace and pearls and formed delicate lace scallops which continued into an overlay paneled train. Long traditional sleeves came to points at the wrists and the Camelot lines flowed into a cathedral train of chiffon topped with an overlay of lace.

The queenly Camelot influence was further carried out in the headpiece of miniature scallops of lace securing a shoulder-length mantilla of lace. The bride carried a cascade arrangement of white roses.

Mrs. Cleta Judd, organist, and Victor Stroke, an uncle of the bride, vocalist, provided a program of wedding music. The songs were "Ave Maria," and the Lord's Prayer.

Miss Carolyn Casey, a sister of the bride, was maid of honor, and Miss Christine Roeper, Miss Diane McIlroy, the bride's cousin, and Miss Ida Grady served as bridesmaids. They

GOLDEN WEDDING: Mr. and Mrs. Louis Knippings of South Roxana, former Granite Cityans, will observe the 50th anniversary of their marriage at an open house Sunday, Nov. 22.

Louis Knippings Mark Golden Wedding Year

Mr. and Mrs. Louis Knippings, couple, Mrs. Margaret Poag, residents of Granite City for 32 years, will observe the 50th anniversary of their marriage at an open house Sunday, Nov. 22, at the United Methodist Church in Wanda.

They will receive their relatives and friends there from 5 to 7 o'clock in the afternoon. No formal invitations have been issued and the couple request that gifts be omitted.

Mr. Knippings retired in 1961 after 32 years employment with the Shell Oil Co. He and the former Mary O'Neill were married Nov. 24, 1920, by the Rev. J. W. Davis, a Methodist minister, at the home of the bride in Granite City.

The reception is being arranged by the children of the

MRS. THOMAS R. HEWLETT, the former Patricia Ann Parker, who was married Saturday at St. Elizabeth Catholic Church.

Patricia Ann Parker, Thomas Hewlett Wed

Lighted candles in branched candelabra either side of the altar, emerald trees and large baskets of all-white flowers and white ribbons together with hurricane candles at the pews, formed the setting for the wedding Saturday at St. Elizabeth Catholic Church of Miss Patricia Ann Parker, and Thomas Richard Hewlett.

The parents of the couple are Mr. and Mrs. Keith Parker, 1560 Garfield Ave., and Mr. and Mrs. Gary Rainwater, 2401 Wilson Ave.

The Rev. George Morelock of Springfield, formerly of St. Elizabeth parish here, officiated at 12 noon and a champagne hour at the bride's home followed the church service. The reception was held in the evening at Holy Trinity Hall in Madison.

Given in marriage by her father, the bride was lovely in a gown of ivory delustered satin with a yoke of English net and a high collar trimmed with peau d'ange lace. The bishop sleeves were enhanced with motifs of the lace, as were the deep cuffs.

A detachable chapel train fell gracefully to the floor and a Camelot headpiece of lace etched with pearls and sequins secured three tiers of silk illusion veiling and a long filmy veil which swept beyond the train of the gown. White roses and stephanotis were combined in the bride's cascade bouquet.

Six attendants preceded the bride and her father down the white-carpeted aisle. They were Miss Jane Parker, a sister, as maid of honor, and Mrs. Sharon Parker, a sister-in-law, Miss Judy Rainwater, the bridegroom's sister, Miss Linda Van Hoeveln, Miss Joan Harris and Mrs. Cheryl Pyle, bridesmaids.

They were dressed alike in floor-length gowns of emerald green velvet and Venice lace. The bodices of beige lace were designed with high necks and long semi-full sleeves with wide cuffs. The slight rise of the bodices were trimmed with deep green sashes with bows in the front. Bands of fresh flowers

were in their hair and they carried nosegays of green Fuji 'mums combined with harvest pumpkins and variegated foliage.

A little flower girl, Kathy Tretter, cousin of the bride, dressed in green velvet trimmed with lace, carried a basket of rose petals. Scott Tretter, another cousin, served as ring bearer.

Mr. Hewlett's attendants were James Parker, the bride's brother, best man, and Robert Meyers, a cousin, Timothy Van Hoeveln, Bruce Illies, James Funkhouser, and George Lintz, fraternity brothers of the bridegroom, groomsmen. Joseph Mangalacino and Mark Thompson served as ushers.

The bride's mother wore a mint-green crepe dress with a jeweled necklace and matching accessories, while the bridegroom's mother appeared in gold crepe with bead trim and green and gold accessories. Both wore orchid corsages.

Miss books were distributed to those attending the wedding to commemorate the date, and Miss Tina Rainwater, a sister of the bridegroom, distributed dainty rice packets.

After a short trip the newlyweds will live in the Pontoon Plaza Apts.

The former Miss Parker is a graduate of Southern Illinois University and is presently teaching at the Maryville elementary school. Mr. Hewlett graduated from Indiana State University where his fraternity was Kappa Sigma. He is now assistant superintendent of parks and recreation here.

Among the out of town guests at the wedding were Mr. and Mrs. Vern Truhead of LaPorte, Ind.; Mr. and Mrs. Fred Layman, Clinton, Ind.; Mr. and Mrs. Joseph Vofford, Houston, Tex.; Mrs. Frances Unger, and Mrs. Ralph Tietz, Terre Haute, Ind.; Mr. and Mrs. G. L. Rainwater, Oakwood, Ill.; Mr. and Mrs. Albert Tretter and Mr. and Mrs. James Tretter, Springfield, Ill.

Mr. and Mrs. Joseph Tretter, Mr. and Mrs. George Sawyer,

Miss Alice Schreiber, James Doerr Nuptials

Another of the late autumn weddings taking place over the weekend was that Saturday afternoon of Miss Alice Schreiber and James J. Doerr at Sacred Heart Catholic Church by the Rev. Joseph Enright.

The ceremony was solemnized at 2 o'clock at Sacred Heart Catholic Church by the Rev. Joseph Enright.

The parents of the young people are Mr. and Mrs. Robert J. Schreiber Sr., 2545 Madison Ave., and Mrs. Martha Doerr and the late Edward L. Doerr, 12000 Berkley Manor Drive, Des Peres, Mo.

Mrs. Margaret Crawshaw, organist, provided the music for the service.

The bride's gown of white lace featured a high rise bodice, a scalloped neckline and a traditionally long sleeves, also lace trimmed.

The skirt flowing softly for walking was encrusted with hand-sewn lace motifs sprinkled with seed pearls and crystals. The hemline was edged with lace and a headpiece of French illusion petals and pearls secured a tiered cathedral veil of illusion. MRS. RICHARD W. DENNY. Her wedding was an event of Saturday evening at First Baptist Church.

Miss Diana Ruth Parks, Richard Denny Married

First Baptist Church, 21st Street and Delmar Avenue, was the scene of the wedding Saturday afternoon of Miss Diana Ruth Parks, a daughter of Mr. and Mrs. Montie Parks, 3139 Fehling Road, and Richard William Denny of Fort Riley, Kan., a son of Mrs. Betty Fulmer of Lincoln, Neb.

Bouquets of autumn gold, yellow and bronze, and greenery decorated the sanctuary, and lighted candles in candelabra with yellow bows and greenery illuminated the aisle through which the procession passed, the bride escorted by her father who gave her in marriage.

A program of wedding music was provided by Mrs. Joseph Hills, organist, and Miss Sandra Baker, vocalist. The latter sang "Love You Truly," "Wedding Prayer," and the Lord's Prayer.

The Rev. Roy Eitelman, pastor of the church, heard the vows of the couple at 7 o'clock and a reception was held afterward in the church fellowship rooms. Miss Darla Parks was in charge of the guest book.

For her wedding the bride chose a gown of pure white silk organza, styled with a rounded neck, bishop sleeves and an A-line skirt with soft flowing lines. The entire gown was trimmed with Alencon lace and pearl appliques scattered throughout. Lace and pearls also adorned the chapel train which fell gracefully from mid-shoulders.

A headpiece heavily beaded with pearls, crystals and lace secured the shoulder-length bouffant veil of tiered, imported illusion and the bridal bouquet was made up of white pompons centered with a corsage of yellow mums intermingled with ivy.

Mrs. Sheridan Dutchik was her sister's only attendant. She wore a gown of autumn gold brocade accented with avocado velvet ribbon at the Empire waist and around the ruffles of the long sleeves which were trimmed with antique lace. A matching green velvet ribbon was entwined in her hair and she carried an arrangement of pompons in rich autumn tones.

Dana Murphy, flower girl, and Louis Scroggins, a nephew of the bridegroom, ring bearer, preceded the wedding party down the aisle. The flower girl wore a long dress of avocado velvet with gold velvet ribbon trim at the high waist and the long sleeves were trimmed with lace. A gold bow was in her hair and she carried yellow petals in a gold basket.

Dale Winters was best man and Ronald and Donald Fulmer served as ushers. The candles were lighted by Misses Margorie and Donna Fulmer.

For her daughter's wedding Mrs. Parks chose a brown cut velvet dress with twilight beige accessories and a wintry veil of velvet and satin, matching accessories and a corsage of yellow pompons. The bridegroom's mother was in powder blue with navy accessories and a corsage of white pompons tinted blue.

After the reception the couple left for Manhattan, Kan., where the bridegroom is stationed with the Army.

CHURCH, COMMUNITY PROJECTS DISCUSSED

Ways in which a church group can help with community projects were discussed by Rev. Lewis Brinker, who addressed the Baptist Women's Association at Grace Baptist Church on Thursday evening.

Members planned food items to be included in gift baskets for distribution to needy families at Thanksgiving, and heard details of a book study set for Monday, Nov. 23, with women of the Second Baptist Church.

A "Day of Prayer" was announced for Dec. 3, when a lucky dinner and program will be presented at Grace Baptist Church, 2800 Edwards St., between 10 a.m. and 2 p.m.

GC Student Progress Conferences Underway

A series of teacher-parent conferences in which parents receive first-hand information as to the progress their children are making in school were underway in Granite City schools today and will continue tomorrow and through Wednesday.

Twelve of the 15 District 9 schools below junior high school level are continuing progress conferences, according to their individual need and capacity to learn and therefore to evaluate the possible education for each child.

Reading and mathematics programs are developed in continuous levels, each of which the child must accomplish before advancing to the next. The child is not required to keep up with nor wait for others, but learns at his own rate.

Instead of "report cards" teachers make parents aware of their children's progress through the conference sessions now underway. The conference began last Friday.

Father, Son from Here Both Serving at Texas Army Base

A Civil Service employee with over 31 years of service and his 21-year-old son, a warrant officer candidate undergoing flight training at the Army Primary Helicopter School, are currently stationed at Fort Wolters in Texas. They are former Granite Cityans.

Granville D. Whittaker Sr., chief of civilian personnel's position and pay management at Wolters, and his son, Gary I. Whittaker, were reunited when Gary began flight training this month.

The elder Whittaker came to the base a year ago from Germany, where he was chief of position and pay management with the Army's Berlin Brigade. He has also served in Alaska.

Survives Torpedo
After his medical discharge from the U. S. Navy in 1945—he was a survivor of the U.S.S. O'Brien, a destroyer which was torpedoed during the Battle of the Coral Sea in World War II—he joined the Army as a Civil Service employee.

A highlight of Whittaker's career was at Anchorage, where he served with the Corps of Engineers, when Alaska became the 49th state.

During his European assignment, he was present when President Richard Nixon reviewed troops in West Berlin for the first time as commander-in-chief.

A globe-trotting family, the Whittakers have traveled extensively in England, Holland, Denmark, Switzerland, Austria, Germany, Italy, Belgium, Panama, Puerto Rico and the Hawaiian Islands.

Schooling in Europe
Candidate Whittaker received most of his formal adult education in Europe. He is a 1967 graduate of Berlin's American High School.

He was recognized as an all-star football player with UDESA (the Army's dependent school system) in Vicenza, Italy. He studied economics two years on the Munich campus of the University of Maryland.

Young Whittaker became interested in flight school when his friend, Walter E. Townsend of El Paso (who also happens to be his sister Joanne's fiancé) decided to join the Army's Warrant Officer Candidate training program. They are both assigned to the Helicopter School's 1st WOC Co.

Gary's sister, 29, is a junior at the University of Texas at El Paso, where she is a member of the university's famed "Goldengators" drill team.

The entire Whittaker family, including a 25-year-old son, Granville Jr., and his wife, Rose, a former U.S. Marine, moved from Chicago, has decided that Texas, and Mineral Wells in particular, is a good place to live.

Former Nadine Frohardt
They hold fond memories, however, of their home town, Granite City. Mrs. Whittaker, the former Nadine Frohardt, whose family boasts well-known educators there, and who was named next door to General Andrew Jack Goodpastor.

Gen. Goodpastor is presently chief of North Atlantic Treaty Organization forces and was military aide to former President Dwight Eisenhower.

When Candidate Whittaker completes his flight training at Wolters, he will go to Fort Rucker, Ala., for 16 weeks of advanced flight instruction. Upon completion of his training there, he will be appointed a warrant officer and will be given the wings of an Army aviator.

Venice Plane Crash Victim Returns Here

Mrs. Edna (Willoughby) Waller, formerly of Venice, who has been confined in hospital over a lengthy period recuperating from injuries suffered in a plane crash in 1969, has returned to this area and presently is residing in Caseyville.

The daughter of Mrs. Margaret Billick, 604 Venice Homes, Mrs. Waller was enroute by private plane to St. Louis from Evansville, Ind., when the aircraft lost power and crashed into a frame house killing an occupant inside the dwelling and severely injuring his wife. The accident occurred shortly after take-off.

Mrs. Waller sustained extensive injuries to the chest and arms and several burns. It took rescuers one hour, 45 minutes to extricate the local woman from the aircraft. The pilot, a Kansas City resident, also suffered serious injuries. The plane was owned by a Kansas milling company.

Concert by SIU-SW Orchestra on Friday

SIU-SW Orchestra will give a concert Nov. 20 at 8:15 p.m. in the Communications Building theater. The public is invited, admission free.

The University Orchestra, under the direction of Robert Schieber, will open with Symphony No. 1 in C Major, Opus 21, by Beethoven. Following intermission, the orchestra will play Milhaud's Creation of the World, the Piston Variations on a Theme by E. B. Hill and Strindberg's Rhine Journey by Wagner.

The orchestra which rehearses every Tuesday from 8 to 10 p.m. in the Communications Building, is open to qualified adult members of the nearby communities as well as to SIU-SW students and faculty.

The University Orchestra is an outgrowth of the SIU-SW Chamber Orchestra, directed by John Kendall. When the organization became too large to be called a chamber ensemble, two groups were formed. The University Orchestra performs the larger works of the orchestral repertoire, and the chamber orchestra will remain basically a string ensemble.

Schieber, a member of the Lincoln String Quartet at SIU-SW, earned his doctorate at the University of Michigan. He also has studied with Geza de Krecz, Albert Laan, Andre Gortler and Robert Courte. A former violist with the Florida String Quartet, the Kaumazoo String Quartet and the Western Michigan University String Quartet, he at one time was conductor of the Battle Creek Symphony.
